

National Roofing Industry Pension Plan

Annual Notice Of Federal Withholding Election

All or a portion of your monthly pension benefits may be subject to Federal income tax. Under the estimated tax payment rules, penalties may be incurred if sufficient tax is not withheld, or your payments of estimated tax are not adequate.

You may elect to have Federal tax withheld or revoke your withholding election at any time and as often as you wish, by providing the Fund Office with a completed Form W-4P.

If you have any questions regarding the tax obligations on your pension benefits, please contact your tax advisor or the Internal Revenue Service (IRS).
